TESTIMONIALS

An event of enormous proportions, of a perfect mix between research, policies and implementation, and of a unique audience fusion is the best description for the IFN Africa Islamic Finance Forum. The venue and overall setting were elegant and the quality of discussions achieved, more so action points, was fantastic.

Basheer Oshodi, Group Head, Non-Interest Banking Propositions, Sterling Bank

It's the most interesting forum I have attended.

Alhassan Abdulkarim, Group Head Corporate Banking, Jaiz Bank

The conference was a great success with high caliber speakers, diverse and informative themes and topics, was well attended with relevant institutions, and truly paved the way for more great things to come for Islamic finance in sub-Saharan Africa.

Ibrahima Cheikh Diong, Founder and CEO, Africa Consulting and Trading

It was an honor for me to be part of the Africa Islamic Finance Forum. The forum gathered an impressive number of experts and practitioners of the Islamic finance industry, and provided an excellent occasion to meet old and new friends to exchange knowledge and discuss new ideas on the development of the Islamic finance industry in Africa.

Celia de Anca, Director of the Saudi, Spanish Center for Islamic Economics and Finance at IE Business School, Madrid

Very informative and interesting forum but it needs more time.

Ouedraogo Hamado, Auditeur Interne, Raouda Finance

The international conference on Islamic finance in Abidjan was a groundbreaker for many in attendance. There was a realization that Islamic finance shows great promise in Africa for economic development, private sector finance and job creation. All panel discussions were extremely substantive and conducted in a lively manner, with panelists displaying very concrete and hands-on knowledge on Islamic finance.

Madani Maki Tall, CEO, MMT Conseil & Strategies

Very good roundtables and presentations; congratulations to the conference organizers.

Kassim Diarrassouba, Administrateur Financier, Al Barakat Microfinance Islamique

Delegates were extremely impressed with the quality of the panelists' contributions and the structure of the forum. We're delighted to be involved with such a high level forum. It provides valuable benefits to both our company and our portfolio banks and reinforces our commitment to developing Islamic finance within the region. This event was particularly important as it was an opportunity to pave the way for a new era of Islamic finance in West Africa with the arrival of a key market player, the Ivory Coast, alongside Senegal. The sessions were very well planned with a productive backdrop.

Babacar Ndoye, CEO, Tamweel Africa Holding

Very good conference but not enough time for each panel discussion.

Koudokpode Urbain, Managing Partner, Bou`Ges Africa Consulting

The whole event ran smoothly from the beginning until the end and we are delighted to have participated and would like to thank your team for your professionalism and responsiveness.

Koffi Yao Lionel Stephen, Chargé du Marketing Stratégique & Merchandising, Societe Ivoirienne de Banque

The Africa Islamic Finance Forum was a very well-diversified gathering of thought leaders and stakeholders from various areas of expertise. Sharing one belief in the future of Africa, it provided a platform to share new insights, developments and opportunities contributing to the emerging Islamic finance industry by various stakeholders in the public sector, private sector as well as multilateral organizations.

Yazan Al Nasser, Chief Products Officer, Tawreeq Holdings
